

“Show and Tell”

Every Tuesday, your child will have “Show and Tell,” where we ask you to bring in an object relating to the Week’s Theme. Show and Tell is an opportunity for your child to become comfortable with their Verbal and Sharing skills. Children are also encouraged to listen and take turns during their friends’ presentations.

Weekly themes are posted in each classroom. Some teachers might have more specific requests and will let you know in advance. Please talk to your child about the object they would like to bring in and why - helping them construct a narrative the evening before will give them added confidence during their informal "presentation."

Please consider the following criteria, when selecting an object:

- No Action Figures
- No Weapons of any kind (Guns, Swords, etc.)
- No objects that require batteries
- Must be able to fit into their bag or backpack
- Be an object that your child does not mind others touching
- Items will only be shared at the designated time and will remain in your child’s cubby for the remainder of the day

*Please do not bring in objects or toys on other days of the week.
Staff cannot be held responsible for items brought in on other days of
the week.*
